SLEEVES AND POT COVERS

Plastic Satin Sleeves

Plastic sleeves manufactured for the nursery trade. Now an industry standard, this economical, highly efficient product is made from durable high-density polyethylene with vent holes to allow breathing room, so sleeves allow humidity to escape and better airflow around the plants to prolong plant health. These sleeves are unnested and come firmly attached to a wooden header with a belt clip system making sleeving easy for one person. These sleeves are packed 50 per header and 1,000 count per case.
