

HAND SHEARS

300L Pruning Shears

These black finished shears are lightweight at only .24 lb, but with a hot bath quenching process gives the high-carbon steel blades durable cutting power. Non-slip lightweight grips fit comfortably in the hand.

ITEM # HP300LBP

K-900 Telescoping Hedge Shears

These blades are nickel plated to prevent resin, stain, and rusting, but high-carbon steel construction makes them durable. Telescoping handles are easily adjustable from 19" to 32½"

ITEM # HSK900Z

K-800 Hedge Shears

Hard-chrome nickel-plated, replaceable steel blades produce high cutting strength. The slightly curved handles and blades prepare the optimal angle to cut bushes and grass. Plastic handles provide durability.

ITEM # HSK800R

LP-33L Lopping Shears

These loppers have a cutting diameter of approx 1.4". Made of high-carbon steel, while having a fluorocarbon resinating finish that smoothes surface sliding producing extra cutting power and prevents resin and stain.

ITEM # HP33L

180ZK Telescopic Long Reach Shears

These long reach pruners have a lightweight aluminum arm with a comfortable handgrip to prevent fatigue. The arm revolves allowing you to cut from any direction without moving the handgrip. Large, sharp hard chrome plated blades quickly clip boughs while resisting rust and corrosion. Arm extends from 4.9' to 9.8'.

ITEM # HP180ZK

EXW 2.7 Pole Saw

This pole saw is manufactured from hard-chrome plating while the blade from high-carbon steel. The TURBOCUT curvature ground teeth cut effortlessly into wood of all types. The two-section pole can readily be extended from 6' to 9'.

ITEM # SCEXW27

EXP 4.5 Extension Pole

Pole extends from 6' to 15' and is made from high-carbon steel.

ITEM # SCEXP45

UV 34 Saw Blade

A high-carbon steel saw blade used in conjunction with the EXP extension pole. 13" blade has SUPER TURBOCUT teeth and a hooked tip to help remove limbs and twigs.

ITEM # SC34EXP

210DX Folding Saw Pruner

This folding saw is manufactured from high-carbon steel with taper ground TURBOCUT teeth. Overall length of the blade is 6".

ITEM # HP210DX

HAND SHEARS

Houseplant Shear

Forged from steel alloy with a compact design for smaller hands. Has an ambidextrous grip with resharpenable, narrow blades for delicate plants.

ITEM #	COR4310
--------	---------

Serrated Blade Hedge Shear

Fully heat-treated steel alloy blades for strength. Bolt on top-grade hardwood handles with comfortable, non-slip grips.

ITEM #	COR6920
--------	---------

Anvil Pruner

$\frac{3}{4}$ " cutting diameter capacity chrome plated pruner with an easy to set thumb lock. Reshapenable anvil blade with a pistol-grip handle design makes this easy for pruning dry wood growth.

ITEM #	COR3110
--------	---------

Compound Action Shear

Heat-treated high carbon steel blades: Top blade is serrated, while the bottom is non-stick coated for easy cleaning. Compound action multiplies your cutting power. Strong aluminum handles with comfort grips.

ITEM #	COR4220
--------	---------

Angled Head Bypass Pruner

$\frac{3}{4}$ " diameter cutting capacity designed for general-purpose pruning. Fully heat-treated, forged high carbon steel alloy construction with resharpenable blade and non-slip grip.

ITEM #	COR3120
--------	---------

Aluminum Head Shear

Forged, reshapenable steel alloy blades and lightweight, high-strength aluminum 12" handles. Serrated top blade with limb notch lower blade. Forged bumper cups reduce shoulder fatigue.

ITEM #	COR6940
--------	---------

Professional Bypass Pruner

Fully heat-treated, forged alloy construction with resharpenable forged Radial Arc bypass blade and non-slip cushioned grips. Slant ground, narrow profile that is available in two sizes.

ITEM #	SIZE
COR3160	$\frac{3}{4}$ " Bypass Pruner
COR3180	1" Bypass Pruner

Professional Aluminum Shear

Fully heat-treated for strength, 10 $\frac{1}{2}$ " reshapenable, forged steel alloy blades with lightweight high-strength elliptical aluminum handles. Slant ground, narrow profile blade, with limb notch lower blade.

ITEM #	COR6970
--------	---------

Bypass Pruner

1" diameter cutting capacity with an angled handle for less bending of the wrist. Bypass design for closer, cleaner, and healthier cuts. Forged steel alloy design with comfort grips.

ITEM #	COR4250
--------	---------

Forged Bypass Lopper

1 $\frac{1}{2}$ " diameter cutting capacity lopper with resharpenable, forged steel blade and hook. Lightweight, but durable aluminum handles with non-slip cushioned grips.

ITEM #	COR4150
--------	---------

Compound Lopper w/ Extendable Handles

Lightweight, strong fiberglass handles extend from 21" to 33". Fully heat-treated blade is non-stick for easy cleaning. Compound action multiplies your power and cushioned grips for comfort. Available in anvil and bypass blades.

ITEM #	DESCRIPTION
COR3450	Anvil Lopper
COR3470	Bypass Lopper

Leather Scabbard

Top grain leather construction. Stitched and riveted for durability, belt clip and loops included. Universal design fits most hand pruners.

ITEM #	COR7220
--------	---------

LANDSCAPING TOOLS

12' Compound Action Tree Pruner

Lightweight fiberglass pole that telescopes from 6' to 12' with a durable rope pulley system with the exclusive Powerglide® rope pull. A 28" comfortable foam grip provides comfort to match precision. A high strength zinc alloy pruning head combines a fully heat-treated, high carbon non stick blade with a 1¼" cutting diameter and a 13" curved Razor Tooth Saw® to bring maximum cutting power.

ITEM #	COR6830
--------	---------

10½" Folding Saw

Folding saw for medium to large branches with replaceable 10 ½" steel alloy folding blade. Blade has three sided razor teeth for multi action cutting and has impulse hardened teeth for longer life.

ITEM #	COR7060
--------	---------

6½" Folding Saw

Folding saw for small to medium branches with cushioned pistol grip, razor teeth sharpened on 3 sides so it cuts faster and cleaner than cleaner than conventional saws. Replaceable 6½" curved folding blade.

ITEM #	COR4040
--------	---------

Machete

Tempered steel blade for greater strength and maximum flexibility. Resharpenable blade extends through the co-molded handle with anti-slip grips.

ITEM #	SIZE
COR60041	18" Machete
COR60042	22" Machete

Corn Knife

Tempered steel blade for greater strength, while heat-treated for flexibility. The blade extends through the handle.

ITEM #	COR62040
--------	----------

Cane Knife

Hook on blade allows for pulling cut items by the limbs. Heat-treated, tempered steel blade that extends through the handle.

ITEM #	COR61040
--------	----------

Comfort Trowel

3" wide blade of lightweight polished aluminum with cushioned grip.

ITEM #	COR3010
--------	---------

Comfort Transplanter

Narrow profile for use with pots. Graduated and marked for depth.

ITEM #	COR3020
--------	---------

Cleanout Shovel

3" sharpened blade edge penetrates ground while sides give strength and keeps dirt in blade. 48" fiberglass handle.

ITEM #	COR64023
--------	----------

Landscape Rake

Aluminum construction with extra thick tine tips. 36" wide head with 36 tines and a 60" aluminum handle for durability.

ITEM #	COR61062
--------	----------

Landscape Rake

Aluminum construction with extra thick tine tips. 24" wide head with 24 tines and a 60" vinyl sleeved aluminum handle for durability.

ITEM #	COR61061
--------	----------
